# SAURABH MISHRA

Mumbai, India • +91 7387628021 • saurshra.dev83@gmail.com

GitHub: [github.com/saurshra](https://github.com/saurshra) • LinkedIn: [linkedin.com/in/saurshra](https://linkedin.com/in/saurshra)

Full-stack developer skilled in building MERN applications with strong experience in API development, authentication (JWT, OAuth, OTP), state management, and responsive UI design. Developed and deployed multiple real-world scalable and decentralized projects. Looking to contribute to engineering teams with a strong problem-solving mindset and hands-on development experience.

## TECHNICAL SKILLS

**Language:** JavaScript      **Frontend:** React.js, HTML, CSS, Tailwind CSS, Bootstrap  
**Backend:** Node.js, Express.js      **Databases:** MongoDB, SQL  
**Tools & Platforms:** Git, GitHub, Postman, Render  
**Concepts:** REST APIs, Authentication (JWT/OTP), State Management, Deployment

## PROJECTS

### ● EventHub – Event Management Web App

**Live:** <https://eventhub-o45b.onrender.com/>

**Tech:** MERN, JWT, Google OAuth 2.0, OTP Auth, Render

- Built a MERN-based platform for discovering and registering events.
- Implemented secure authentication using JWT, Google OAuth 2.0, and OTP verification.
- Developed an admin dashboard for event creation and participant management.
- Designed a fully responsive UI and deployed the application on Render.

### ● TrustFlow – Certificate Verification (Blockchain MVP)

**Live:** <https://blockchain-t2z6.onrender.com/>

**Tech:** MERN, Ethereum (Ethers.js), IPFS, MetaMask

- Built an MVP for decentralized certificate verification using IPFS storage and on-chain hashing.
- Created admin/user dashboards with document upload, verification workflow, and OTP-based authentication

### ● UrbanNest – Property Listing Platform

**Github:** <https://github.com/saurshra/UrbanNest/>

**Tech:** MERN

- Developed a full-stack property listing platform with user authentication and dynamic property search.
- Implemented secure signup/login, API integration, and real-time data handling.

### ● CryptoCurrency Dashboard

**Live:** <https://saurshra.github.io/Cryptocurrency/>

**Tech:** React.js, Tailwind

- Developed a real-time crypto price dashboard using CoinGecko API and responsive UI.

### ● Portfolio Website

**Live:** <https://saurshra.github.io/dev-portfolio/>

**Tech:** React.js

- Built a simple portfolio website to showcase projects, achievements, and skills with a modern, responsive UI

---

## EXPERIENCE

### Frontend Developer (Intern) – Web Professionals

Dec 2024 – Present

- Developed and optimized React applications with a focus on responsive UI, state management, and API integration
  - Implemented authentication, authorization, and performance improvements across client projects.
- 

## EDUCATION

### Bachelor of Computer Engineering

Universal College of Engineering, Vasai

Expected Graduation: 2026

### Higher Secondary Education (HSC)

Thomas Baptista Junior College
